#### ▼ Description

### Equipment and Infrastructure Enhancement Grant (EIEG) Program

The **Equipment & Infrastructure Enhancement Grant (EIEG) program** provides funding for new interdisciplinary equipment or infrastructure enhancements (such as upgrades to existing equipment, data set purchases, and data or tracking systems) that cannot be obtained through other internal or external funding channels.

The goal of this program is twofold - to provide the needed equipment for FSU's campus community and to increase the number of multidisciplinary FSU alliances for research and creative activity.

#### Important to Note:

- Proposal submissions must include at least two investigators (PI and Co-PI) and involve multiple departments or centers.
- The EIEG award only provides funding for equipment that supports **multidisciplinary** FSU alliances involving research and creative activity.
- Equipment purchased with EIEG funds must be housed in an FSU campus facility.
- Departmental or other SRAD sources of cost sharing are strongly encouraged; Letters of Commitment by the contributing parties should be included in the application. Formal Cost Share Commitment forms are not required.

Please review the [EIEG Program: Request for Proposals](#) page on the CRC Internal Funding website for more information about this program.

### Proposal Transmittal

**Credit Distribution by Department**

Enter the department name and percent of credit to be allocated for this proposal. The credit assigned to departments can be based on any factor as long as all investigators, department chairs, and deans involved agree to the allocations. Total for all percentage fields must equal 100%.

**Primary Organization \***

Please choose the primary department of the research.

Add Primary Organization

**Credit Distribution % (Primary) \***

Add another department to receive credit? \*     No     Yes

**Additional Department**

Add as many "Additional Departments" as needed.

**Select all applicable certifications for this project.**

The PI will be responsible for following the individual processes for each approval needed, and emailing the approval letters to: [RSCH-CRC@fsu.edu](mailto:RSCH-CRC@fsu.edu). The project budget will not be set up until the CRC Coordinator has received this approval.

**Certifications \***

Note: Checking the box will provide a further explanation of the certification.

- Vertebrate Animals
- Human Subjects
- DNA/RNA Use
- Radioactive Materials
- Hazardous Chemical
- Select Agents
- Nanomaterials
- Marine Lab
- Compressed Air Diving (ADP)
- No Certifications Needed

**Research Compliance: Human Subjects**

If **Human Subjects** are involved in the project, check yes. If the proposal is awarded, the PI is responsible for submitting their study to the FSU IRB through RAMP: <https://myramp.research.fsu.edu/>, then submitting the approval to the CRC at: [RSCH-CRC@fsu.edu](mailto:RSCH-CRC@fsu.edu). IRB approval may take on average 40 days. For more information, visit the Office for Human Subjects Protection website: <https://www.research.fsu.edu/research-offices/ohsp/grant-applications-funding-the-irb/ohsp-guidance-on-post-award-funded-projects/>. **The project budget will not be set up until the Human Subjects Committee has approved the protocol associated with the project.**

Clicking the box for the certification populates additional details.

Co-PI Eligibility

Please ensure that all the Co-PIs on the grant meet the eligibility for CRC funding or the proposal will receive a technical disqualification. Review the job code for each Co-PI, and use the "CRC Job Code Eligibility List" to verify if they can be included on the grant. If you need your Co-PI's job code, you can email the CRC Program Coordinator for assistance: RSCH-CRC@fsu.edu.

The following academic ranks are eligible to apply for funding through the Council on Research & Creativity (CRC):

## Project Spending Authorization, Named Faculty Approvals and Notifications

### Project Spending Authorization

The PI and other users listed below will be added to Proposal Resources for read-only access to the OMNI Proposal record.

If the proposal is awarded, the Project Team will be set up as follows:

#### Project spending Authority for non-travel transactions:

- PI will automatically have expenditure authority for all non-travel financial transactions
- Sponsored Project (SP) Managers with ePRO means this user will have expenditure authority for all non-travel financial transactions, including the ability to approve requisitions in OMNI.
- SP Managers without ePRO means this user will have expenditure authority for all non-travel financial transactions, except the ability to approve requisitions in OMNI.
- Departmental Rep means this user will have no post-award expenditure authority. Users with this role on the Proposal will only have access to view proposal information.

#### Project spending Authority for travel transactions:

- Only one user is allowed to approve travel for a project. The PI will be made the default travel approver unless an alternate is listed below. Note that the Project Travel Approver cannot approve his/her own travel transactions. The travel approver role is "Project Manager" which is different from a "Sponsored Project Manager (SP Manager)."

Note: Also include all email addresses in the **Contacts for Notifications** section below, so they can receive all notifications about this proposal submission.

**Project Spending Authorization \***

Please indicate if your project will have any of the following:

### Contacts for Notifications

Please list anyone you would like notified about the status of this proposal submission.

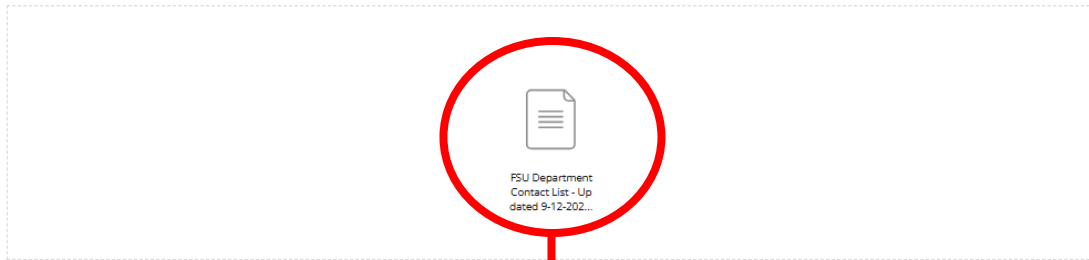

Please include the email addresses for the following:

- Dean
- Chair
- Project Managers
- All Sponsored Project Managers
- Departmental Representatives
- Additional Department Notifications (i.e. Grant Managers, Accounting, Business Managers, etc.)
- Any additional faculty who may be assisting you with this submission

Use the dropdown list below to find everyone in your Primary Department who has indicated that they would like to be included on grant notifications (including the Dean, Chair, and any additional department staff).

### FSU Department Contact List

Please search for your department on the FSU Department Contact list, and copy all the email addresses in your department. Then paste them in the "Add Contacts for Notifications" field below. All email addresses should be separated only by a comma, and no spaces.

### Add Contacts for Notifications \*

From the sections above, please copy all the email addresses for Project Managers, Sponsored Project Managers, Departmental Representatives, the emails provided in the "FSU Department Contact List", and any additional faculty or staff you would like notified about the status of this proposal submission. Contacts will receive all notifications you receive. (Separate email addresses with commas, no spaces.)

### Budget

Important notes for the EIEG Program Budget

- Awards average \$40,000 per award. Proposals with higher or lower amounts are acceptable, but proposals with significantly higher proposed award amounts must especially justify their research necessity.
- Funds will be disbursed on a cost-reimbursable basis throughout the award period in accordance with university policies.
- EIEG grants do not support salary of any kind.
- This program does not support project-related expenses including installation, operation, repairs, maintenance, or replacement of this equipment or tool.
- Computers and/or computing equipment are not allowed on CRC grants.
- Cost sharing is strongly encouraged for this program. Including a cost share form is not necessary, but Letters of Commitment should be included in the application.

## Proposal

**Proposal**

The proposal text cannot exceed eight pages (not including references, appendices and the list of Past/Current/Pending Grants for the PI). If you have no information to submit for a given section, enter N/A for that section. Upload only PDF versions of your Proposal Text form.

Locate the appropriate Proposal Template from the CRC Internal Funding website, on the "InfoReady Support Resources" page:

- Download the Proposal Template

**Past Current and Pending Grants:**

Applicants must list all internal and external (past, current and pending) grants awarded to the PI and any Co-PIs within the last 5 years. **The Prior Award History must be included in your proposal submission as an appendix, and does not count toward the proposal page count.** Please include:

- All current external grants (federal/state or other) and all current CRC grants
- All pending external grants (federal/state or other) and all pending CRC grants
- All grants and awards - both external and CRC - you have received in the past 5 years, and
- Any grants you plan to submit in the near future.

**Information to include about each grant:**

- Grant Title
- Source of Support
- Grant Start Date
- Grant End Date
- Time Commitment %
- Award Amount
- Outcomes (proposals submitted, publications, awards, etc.)

**CRC Grants:**

Include FYAPs, EIEGs, SRS, AHPEG, Seed, SGPs and/or Honorary Awards - awarded to the PI within the past 5 years. These **must** be included, along with the outcomes (proposals submitted, publications, awards, etc.) of those awards. **Failure to include these awards and their outcomes will result in the disqualification of this proposal.**

To view the last 5 years of CRC Award History, search the table on our website: [Prior CRC Award History](#)

**Proposal Formatting Guidelines:**

- Eight (8) pages maximum (excluding References and any Appendices).
- Font size: must be 11 points or larger (smaller text in figures, graphs, diagrams, and charts is acceptable as long as it is legible when the page is viewed at Some PDF conversion software reduces font size; it is important to confirm that the final PDF document complies with the font requirements).
- Line spacing: must be no more than six lines per vertical inch.
- Text color: must be black; color text in figures, graphs, diagrams, charts, tables, footnotes and headings is acceptable.
- Please use one of the following fonts: Arial or Times New Roman.
- Provide at least one-inch margins (1") - top, bottom, left, and right - for all pages. No applicant-supplied information can appear in the margins.

**Note: If your proposal does not adhere to formatting guidelines, it is subject to technical disqualification.**

Use the "Prior CRC Award History" tool to research your previous CRC awards. The last 5 years are included in the table, and searchable by FSU employee ID.

**CRC Terms and Conditions of Award**

The following Terms and Conditions are applicable to all proposal-based awards issued by the Council on Research + Creativity unless otherwise noted.

**General Guidelines:**

1. CRC grant funds may only be used to support research and creative activity.
2. Project-related travel is allowed on most CRC grants; however, **travel is restricted to necessary and direct support of the research conducted as part of the proposed work.** Conference or workshop attendance for the purpose of presenting research or creative activities is not permitted, with some exceptions allowable for the Arts + Humanities Program Enhancement Grant program. If awarded, any travel plan alterations must receive prior approval by a representative of the CRC before the travel occurs.
3. Computers and computing equipment purchases are not allowed on CRC grants.
4. Book subventions cannot be funded by CRC grants, with the exception of the Small Grants Program.
5. Equipment purchases are not allowed on CRC grants, with the exception of the Equipment + Infrastructure Enhancement Grant program.
6. CRC grants may support a stipend for a student hired on a grant; matriculation and tuition fees cannot be paid for by CRC funds. Student travel cannot be funded by CRC grants.
7. Faculty members who receive CRC funds during sabbatical will be asked to repay those funds if they terminate employment with FSU during the year following the award. In addition, summer funding (First Year Assistant Professor and Summer Research Support programs) will not be awarded to faculty planning to leave the university immediately following the award period; if grant funds have been used prior to award termination, it will be necessary for the PI to repay the spent funds.

**Changes to the Project:**

1. The CRC approved the scope of work as submitted with the proposal. **The written approval of a representative of the CRC is required prior to implementing any change to the scope of work.** Scope of work violations may result in loss of internal funding eligibility for multiple years.
2. Actions likely to be considered a change of scope include, but are not limited to, the following:
  - o Changes in the goals or specific aims approved at the time of the award,
  - o Any change from the approved use of animals or human subjects, or
  - o Transferring the performance of substantive programmatic work to a third party by contract or any other means.

**Budget Deviations:**

1. The CRC approved the project budget as submitted with the proposal. **Budget deviations greater than 10% per budget line item (cumulatively) require the prior written approval of a representative of the CRC.**
2. Budget revisions should be requested via a Budget Amendment Form. The Budget Amendment Form, which can be downloaded from the Internal Funding website, must be electronically signed by the PI and submitted via the [CRC Time Extension and Budget Amendment Submission page](#). If the budget revision is approved by a representative of the CRC, the OMNI Project Budget will be modified to reflect the newly approved categories and amounts.
3. **Budget amendment requests must be approved before any changes can occur.** Requests may not be submitted after the fact, and all requests must be submitted no less than 30 days prior to the end of the award period. **Requests submitted less than 30 days prior to the end of the award period will be rejected without consideration.** Budget amendments are limited to two per award.
4. Budget violations may result in loss of internal funding eligibility for multiple years.
5. The Office of Research reserves the right to withdraw remaining funds from a project if unauthorized spending occurs and may also require misspent funds to be repaid by the PI/Department. Any unapproved expenditures beyond the 10% limit will result in the grant being frozen until the overage is refunded to the grant; the same applies to any unapproved expenditures that fall outside a grant's budgetary categories. In addition, no further CRC grant proposals will be accepted from applicants (as PI or Co-PI) on any grant that is out of budgetary compliance until the situation is rectified. Penalties will be handled on a case-by-case basis.

**Time Extensions:**

1. Time extensions require prior written approval by a representative of the CRC; only one time extension is permitted per project.
2. If the project budget is in good standing, a 90-day extension will be automatically granted upon request. Time extension requests for greater than 90 days will be considered on a case-by-case basis, not to exceed six months.
3. Requests for a time extension, along with justification, should be submitted to the CRC Time Extension and Budget Amendment Submission page no less than 30 days prior to the award expiration date. **Requests submitted less than 30 days prior to the end of the award period will be rejected without consideration.**

Project Outcomes Survey: 6-Months Post-Award  
2024-2025 First Year Assistant Professor (FYAP) Grant

As part of our commitment to ensuring the continued success and impact of CRC-funded research at Florida State University, we kindly request your participation in our Project Outcomes Survey. This survey, conducted at 6-, 12-, and 18-month intervals following the award end date, helps us gather essential information on the progress and outcomes of your funded project.

Your responses will provide valuable insights into the proposals, publications, exhibits, presentations, and other external funding outcomes resulting from your CRC-funded award. This information is crucial for evaluating the impact of our funding and for promoting the accomplishments of our faculty.

Please take a few moments to complete the following questions:
