# Equipment and Infrastructure Enhancement Grant (EIEG) Committee Review Criteria:

## COMMITTEE REVIEWER CRITERIA

Below are the criteria each member of the Equipment and Infrastructure Enhancement Grant (EIEG) Review Committee will use to assist them in (a) critiquing a proposal, (b) providing useful feedback to the PI, and (c) determining an overall score for the proposal.

*\*\*Keep in mind that each section of the proposal text should be written in clear, concise language so that reviewers from any discipline will be able to understand what is being stated.\*\**

### • Project / Issue and Goals:

- Is the project or issue that the proposed equipment/infrastructure enhancement will address important or significant in the PI and Co-PI(s)' area(s) of research?
- Are the goals/objectives of this equipment or infrastructure enhancement clear?
- Does the equipment already exist on campus?

### • Research Methods/Creative Activities:

- Does the proposal provide adequate evidence that the addition of the proposed equipment or infrastructure enhancement will increase the research capabilities of the multidisciplinary users identified in the proposal?

### • Broader Impacts:

- Do the intended outcomes of this equipment or infrastructure enhancement have a direct contribution to a new tangible public benefit, beyond its immediate research goals?

### • Funding Information:

- Does the explanation of why this equipment or tool has not been previously funded seem reasonable?
- If applicable, is it likely that the users' plans and probability assessment for receiving external matching are accurate and achievable?

### • Budget:

- Referencing this proposal's goals and objectives and the type of equipment/infrastructure enhancement proposed, does the detailed quotation from the vendor seem reasonable?
- Are the PI's and Co-PI(s)' departments contributing cost share, if available, to support this purchase?

### • Management of the Equipment:

- Does the proposal describe who will be responsible for the extraneous expenses, such as installation, operation, repairs, maintenance, and replacement of the equipment or tool?
- Are the plans for the maintenance of this equipment or infrastructure enhancement equitable and accessible?
- Is cost-sharing involved in these expenses, if necessary?

### • Impact of Previous EIEG Awards:

- Have the PI and Co-PI(s) used previous EIEG awards as proposed?
- Is the equipment still actively used and properly maintained?

## SCORING SCALE

*Reviewers should provide a numeric score and comments for each proposal, identifying minor/moderate/major weaknesses specifically to correlate with the chart below.*

-- Reviewers **MUST** include comments that indicate the reasoning for their scores. --

Score	Descriptor	Additional Guidance or Strengths/Weaknesses
1	Exceptional	Exceptionally strong with essentially no weaknesses
2	Very good	Extremely strong with negligible weaknesses
3	Good	Very strong with only some minor weaknesses
4	Satisfactory	Strong but with numerous minor weaknesses
5	Average	Strong but with at least one moderate weakness
6	Fair	Some strengths but also some moderate weaknesses
7	Marginal	Some strengths but with at least one major weakness
8	Poor	A few strengths and a few major weaknesses
9	Unacceptable	Very few strengths and numerous major weaknesses

Note: The typical funding line is at a score of 3 or better.

- **Minor Weakness:** An easily addressable weakness that does not substantially lessen impact
- **Moderate Weakness:** A weakness that lessens impact
- **Major Weakness:** A weakness that severely limits impact

If you have any questions, please reach out to the CRC Internal Funding Coordinator: [RSCH-CRC@fsu.edu](mailto:RSCH-CRC@fsu.edu).
